Pdac exhibitor manual

PDA means, with respect to a receiving ³ or delivery point, a carrier's default allocation policy or agreement with "DCS" is a function that provides automated cross-connection of digital channels at the level of digital 0 (DS0) or higher bit rate³ within the physical interface installations³ with a digital interface. Address³ n: Level 10, North Tower, 1-5 Railway Street, Chatswood, NSW, 2067. DCS can provide the functionality of more than one of the DCS types mentioned above (e.g. DCS 3/3/1 which combines the functionality of DCS 3/3 and DCS 3/1). The interconnection ³ n is between a DSX or LGX to a Switch, another Cross³Connected or other service platform device.NCI means the National Cancer Institute.ADC means a compound that incorporates, is composed of or otherwise derives from an Antibody conjugated with a Charge using a Linker, other than a PDC.FIS means free delivery in-store, which requires the Supplier to pay all costs and be responsible for all requirements associated with the supply and delivery of Goods to the Purchase on the delivery site described in the Order including all costs associated with transportation, insurance, licensing, authorizations, duties and taxes.CMC stands for Comprehensive Maintenance Contract (labor, spare parts and preventive maintenance)ATC stands for a measure of the transfer capacity remaining in the transmission network³ for additional business activity beyond the uses already committed.Program Materials stands for the documents and information ³ provided by the Program Administrator that specify the qualified EEMs, technical requirements, costs, and other program requirements, including, but not limited to, program guidelines and requirements, program forms and letters of approval n.VPN ³ means Virtual Private Network.Microsoft means Microsoft Ireland Operations Limited.Commercial Software means Software developed or used regularly that: (i) sold, leased or
